

Appln No. 10/760,196  
Amdt. Dated February 22, 2007  
Response to Office Action of December 11, 2006

Claim 1 stands rejected under 35 USC 102(b) as being anticipated by Yamamori (US 4,223,324). With respect, the Applicant disagrees. The printhead described by Yamamori is of a nearly identical construction as the printhead described by Le discussed above. The Applicant therefore considers that the abovementioned comments apply equally to Yamamori.

In light of these submissions, the Applicant contends that the present application is in condition for allowance. Further consideration of the application is courteously solicited.

Very respectfully,

Applicant:
